

BISON TECH COLLEGE
Transforming Learners to Leaders

2026 UNDERGRADUATE & PROFESSIONAL PROSPECTUS

Transforming Learners to Leaders

Establish your mandate for excellence at Bison Tech College. We provide the structured framework and technical depth required to transition from practitioner to recognised authority in GRC and Cybersecurity.

www.bisontechcollege.com

ABOUT

Our Story

Bison Tech College was established with a clear purpose: to provide high quality, accredited education that responds to industry needs while creating opportunities for personal and professional growth. Built on a foundation of integrity, excellence, and innovation. BTC continues to grow as a trusted provider of technical, ICT, quality, and cybersecurity education in South Africa.

BTC Policies

BTC operates within a strong governance framework supported by clear academic, administrative, and ethical policies. These include policies on admissions, assessment, moderation, recognition of prior learning (RPL), learner conduct, data protection, and quality assurance. Our policies ensure fairness, transparency, compliance, and continuous improvement across all operations.

Teaching and Learners

Our teaching approach is learner-centred, practical, and outcome driven. Facilitators are industry practitioners with relevant academic and professional credentials. Learners are supported through structured learning pathways, mentorship, and access to relevant resources that promote academic success and workplace readiness.

Mission

To deliver accessible, accredited, and industry-relevant education that equips learners with practical skills, ethical values, and leadership capabilities.

Vision

To be a leading technical and professional education institution recognised for excellence, innovation, and the transformation of learners into leaders.

Admission and Application Process

(Aligned with DHET and SAQA Requirements)

In accordance with the requirements of the **Department of Higher Education and Training (DHET)** and the **South African Qualifications Authority (SAQA)**, all applications are subject to verification of minimum admission requirements and submission of complete supporting documentation.

Admission will only be granted once all entry criteria, required documents, and applicable fees have been received and verified. No admission letter, confirmation of registration, or enrolment certificate will be issued until the application process has been fully completed.

Prospective learners are required to complete an application form and submit all required supporting documents. Admission is subject to meeting programme entry requirements and verification of documentation.

Minimum Admission Requirements and Supporting Documentation

Applicants are required to submit the following documentation for evaluation and record-keeping purposes:

- A fully completed and signed registration/application form.
- Certified copies of the applicant's Matric Certificate or recognised High School Examination Certificate.
- Two certified copies of the applicant's South African ID or valid passport.
- Certified copy of the parent's or legal guardian's ID or passport (where applicable).
- Two recent ID/passport-sized photographs.
- Proof of payment of the non-refundable registration fee of R500.

All documentation must be valid, legible, and submitted in line with institutional record management and audit requirements.

Application Submission Methods

Applicants may submit their applications using one of the following approved channels:

- **On-Campus Application**

Applicants may complete the application form at the **institution's campus** and submit the completed form together with all required supporting documentation to the admissions office.

- **Email Application**

Applicants may download the application form from: www.bisontechcollege.com

The completed form and all required supporting documents must be emailed to: applications@bisontechcollege.com

- **Online Application**

Applicants may apply online by completing the official application form available at: www.bisontechcollege.com/apply

All required supporting documentation must be uploaded electronically to complete the application process.

Important Notice

Submission of an application does not constitute admission or registration. Admission is strictly subject to:

- Verification and validation of academic qualifications
- Compliance with programme-specific minimum entry requirements
- Confirmation of payment of all applicable registration and tuition fees as prescribed for the selected programme of study
- SAQA Certificate (**for foreign applicants only**)
- Payment of the compulsory student card fee of R100 (to be paid on-site at the start of the course)

Protection of Personal Information Act (POPIA)

The institution collects, processes, and stores personal information in accordance with the **Protection of Personal Information Act, 2013 (Act No. 4 of 2013)**. All personal data provided by applicants will be used solely for **admission, registration, academic administration, compliance, and statutory reporting purposes**, and will be handled in a secure and confidential manner. Personal information will not be disclosed to third parties without consent, unless required by law or regulatory authorities.

International Applicants and SAQA Evaluation

International applicants are required to ensure that all foreign qualifications, including Matric Certificates or recognised High School Examination Certificates, are **formally evaluated and verified by the South African Qualifications Authority (SAQA)** prior to admission. Proof of SAQA evaluation must be submitted as part of the application process. Admission will remain **conditional** until SAQA verification has been received and approved.

General Information

BTC provides academic support, learner guidance, assessment feedback, and structured learning schedules. Learners are expected to comply with institutional policies and maintain academic integrity at all times.

Library Services

BTC provides access to a reference library equipped with a range of academic literature and learning resources. These materials are made openly available to support students' academic research, study, and continuous learning.

Academic Support Services

BTC offers a comprehensive range of academic and student support services aimed at enabling learners to perform optimally throughout their studies. These services are available to students, parents, and guardians, and include the following:

1 Counselling and Career Guidance

Qualified and trained advisors provide academic and career guidance to assist students in aligning their interests, abilities, and aptitudes with suitable programmes of study and potential career paths. In addition, free counselling services related to personal well-being, health, and life skills are available to support students' overall development.

2 Placement and Employability Services

Upon successful completion of their programs, BTC supports learners in accessing employment opportunities through its campus placement services. Job vacancies are advertised on campus and may be linked to job shadowing, learnerships, apprenticeships, or internship requirements where applicable.

While every effort is made to assist students, employment placement is not guaranteed for all learners, except where placement forms part of an apprenticeship program.

3 Internet Access

BTC provides free internet access at the campus to all registered students to support academic research, online learning, and communication.

Student Life and Social Engagement

BTC encourages students to participate actively in campus life, recognizing the importance of social interaction and extracurricular involvement in student development. The institution facilitates and supports a variety of student-led and college-organized activities, which may include:

- Welcome Parties
- Freshers' Ball
- Spring Bash
- Cultural Day events
- Educational and recreational excursions

These activities promote inclusivity, personal growth, and a vibrant campus community

Student Life and Social Engagement

Student Accommodation

BTC does not offer on-campus accommodation. However, students may obtain a list of recommended accommodation providers or partner residences. This information is available from the Student Services Front Office.

Certification

All certificates and diplomas are issued in accordance with the requirements of the Department of Higher Education and Training (DHET), Umalusi, and other relevant accrediting bodies. Certificates are awarded upon the successful completion **of the program**, including any **required practical or workplace-based training**.

Certificates are formally conferred during an official **Graduation Ceremony**.

Graduation

Attendance at the **Graduation Ceremony is compulsory** for all qualifying students. The ceremony is a formal and prestigious event hosted at a professionally hired venue, celebrating the academic achievements of graduating learners.

Banking Instructions

Official banking details are provided to registered learners upon confirmation of enrolment. BTC does not accept cash payments and advises learners to verify banking details through official communication channels.

Upon completion and submission of the registration form, applicants are required to pay the applicable fees as calculated for their chosen program of study. All payments must be made into the designated Bison Tech College (BTC) bank account using the correct payment reference (Application Surname) to ensure timely and accurate processing of the registration prior to the applicable closing date.

For convenience, campus-specific banking details are provided on this page. Applicants making payments via electronic funds transfer (EFT) must ensure that the reference field is completed accurately, as incorrect or missing references may result in delays in processing the registration.

Bank name: Capitec Bank

Account name: Bison Tech College

Account number: 1054862940

Account type: Business

BIC/SWIFT Code: CABLZAJJ

Important Notice

Applicants are required to attached and present the original proof of payment (bank deposit slip or EFT confirmation) at the time of registration.

Our Accreditations

What Is Accreditation?

Accreditation is a formal recognition by authorised bodies that an institution meets required educational, quality, and compliance standards. It assures learners, employers, and stakeholders that qualifications are credible, nationally recognised, and aligned with regulatory requirements.

BTC Accreditation List

Bison Tech College is proudly associated with and aligned to the following bodies in South Africa:

Gallery

The BTC Gallery showcases campus facilities, learner activities, graduations, training sessions, workshops, and community engagement initiatives reflecting the vibrant learning environment and culture of excellence at Bison Tech College.
